Lara Soriano is, without a doubt, everything a coach asks for in a player. Lara has continued to play a pivotal role in our soccer team's success for the past three years. Her production on the field, paired with her ability to support her teammates and hold herself accountable make her an ideal student-athlete. She has incredible leadership abilities, a strong work ethic, and the admirable passion to be the best that she can be.

Lara is committed to excelling athletically but never fails to prioritize her academics. In addition to her commitment to the Varsity Soccer Team, she is involved in National Honor Society, National Technical Honor Society, and Peer Mentoring. Lara also spends many hours of her time volunteering in Spain as an assistant teacher during the summer months.

It has been a privilege to coach Lara these past three years. She will be missed on our field next year!
