

January 2024 Senior Scholar Athlete

John Mabb

SPORT: Bowling

CURRENT GPA: 4.35

MAJOR: Engineering Technology

HOMETOWN: Hopatcong

John has been a member of the varsity bowling team for three years. He actually withdrew his junior year to focus on his Eagle Scout project, the submarine project in Engineering and his college courses. I am proud to say he has received his Eagle Scout Award, won first place in the submarine races, and has passed all of his college courses with flying colors.

John has returned this year to the Mustang bowling team and helped us go 16-0 in the NJAC North and earned the Mustangs our 6th League Championship. John has been a team leader on the lanes and in the classroom and is always willing to help any of his teammates when needed.

Please congratulate John for all of his accomplishments in school, on the lanes and in his personal life. He is truly an inspiration and I am proud to have him on our bowling team as well as a student at Sussex Tech.
